*Please note that only returning students who have registered for a class in the last two years may register through Navigator. If you need your account reactivated, please contact the Student Navigation Center at 978-542-8000 or walk in to the service office on the second floor of the Central Campus classroom building. It may take up to 48 hours for you to register online if you request your account reactivation by telephone.

Registration

HOW TO REGISTER

Students may register for an spring course with available seats before the first class meeting. Students wishing to register for a course after the first meeting must obtain permission from the instructor and visit the Student Navigation Center to register for the class after the permission has been issued.

Students may register for courses using the online Express Registration or may visit the Student Navigation Center on the second floor of the Central classroom building. Payment may be made online using MasterCard, American Express, Visa or Discover credit cards (a 2.75% fee will be charged). Students registering online may also use our convenient electronic check process to pay for courses.

When using a paper check or money order it must be made payable to Salem State University.

After a registration has been transacted via walk-in, the student is handed a schedule confirmation printout. The student should verify that the schedule is correct. Students who register via Navigator should check their schedules in that system.

EXPRESS REGISTRATION

Express registration is the fastest and easiest way for students to register for graduate courses. Express Registration allows you to search for classes and process your registration all on one page—searching for classes and adding or dropping have never been easier. To use Express Registration, just click on the Student Home in Navigator and choose the Express Registration link under Academics.

FIRST-TIME SELF-SERVICE FOR NON-DEGREE STUDENTS

New non-degree students may utilize the First-Time Self-Service at salemstate.edu/nondegree. This system allows students to create a student account and register online for the first time. After this initial registration, non-degree students will be able to utilize Navigator to register, access grades and update personal information. Please note that utilizing this system does not constitute admission to a degree program.

COURSE CANCELLATIONS

Classes not meeting minimum enrollments may be cancelled. Classes will be cancelled approximately one week before the start of the semester. In the case of winter institutes, it may be cancelled up to one week before the first class meeting. If your course has been cancelled, use express registration or visit the Student Navigation Center during normal business hours to add a new course, provided that the new course has space available. If you need assistance in choosing an alternative course, consult with the School of Graduate Studies. They may be reached at 978-542-6323 or via email at graduate@salemstate.edu. **Remember, early enrollment helps to prevent cancellations!**

CHANGES IN REGISTRATION OR DROPPING COURSES

When using online registration to drop a course, the course must be dropped one calendar day prior to the course's first scheduled class meeting; otherwise, a "W" (withdrawal) grade will be assigned. Please note that there is no add/drop period for graduate courses.

WITHDRAWAL FROM COURSES

Withdrawals can be completed online or in person at the registrar's office and will result in a grade of "W" for the course. Please note that lack of attendance does not constitute a withdrawal. Students who feel they may be eligible for a refund should check the refund policy. Withdrawal from an academic program does not automatically withdraw the student from registered courses. Withdrawal from all courses may impact financial aid eligibility. **Graduate students must withdraw by the fourth class meeting or they will receive a grade of F.**

It is the responsibility of every degree-seeking student to consult the academic policies contained in their academic catalog. The catalogs are available at catalog.salemstate.edu.
